Centre de Formació d'Adults Can Batlló
 L' any 1984 s'organitza com a secció d'ensenyaments per a persones adultes dins l'Escola d'Arts i Oficis, fins que el 1991 se'n separa i pren el nom actual. Al llarg d'aquests anys i fruit del convenciment que els serveis educatius requereixen una constant adequació als nous coneixements i a les noves demandes, un dels trets que identifiquen el centre és la seva capacitat d'adaptació a les necessitats de la població a la qual s'adreça.
