Plymouth

“Plymouth is the best place to live in the country” - Guardian Newspaper

Plymouth (population 275,000) is a city of history, beauty and pleasure combining the old with the new; it has something for everyone – culture, entertainment, history and exciting activities.

Visit the Barbican and see the Mayflower steps where the Pilgrim Fathers set sail to America in 1620 on a ship called ‘The Mayflower’.

See the beautiful landscape of Dartmoor - a place full of history with its stone circles, Bronze Age ruins and its own collection of myths and legends.

Plymouth's city centre has a wide range of shops for all budgets as well as a large selection of restaurants, cafes and bars.

With its world-famous harbour Plymouth offers many possibilities to have fun on the water such as canoeing, sailing, diving and windsurfing. Other attractions include swimming pools, sports centres, golf courses, cinemas, bowling, casinos, arts centres, libraries, museums, theatres and dry-ski slope / toboggan run.

Plymouth's size means that it has a great deal to offer while managing to avoid many of the social problems found in some of England's larger cities. In addition, there are very few language schools in Plymouth. This means that unlike Bournemouth, Brighton, London, Oxford, Cambridge, etc. there are relatively few foreign students in Plymouth. Consequently there is far more opportunity for students to speak English and far less temptation to speak their native language.

Mayflower College

Mayflower College, founded in 1988, is a member of English UK and accredited by the British Council (Accreditation UK) and ISI (Independent Schools Inspectorate).

Mayflower College has a friendly, supportive and caring atmosphere. Our established team of administrative and teaching staff always strive to work together in the best interests of our students. We offer outstanding teaching and support with accommodation, student welfare and travel arrangements.

97% of our students say they would recommend Mayflower College to a friend / colleague / relative

Every year we welcome more than 1000 learners from 50+ countries. We are located just a few metres from the seafront and our students benefit from the tranquility of being close to the water. We have small class sizes (average 6-8 students per class) with 20 classrooms, all with internet access and many rooms have a sea-view. Other facilities include two computer suites, free wi-fi internet access, a cafeteria and two roof gardens with stunning views of Plymouth harbour. There are four public tennis courts next to the college and also a medical clinic in case of emergency sickness.

For our longer-term learners we allocate a personal tutor to help them with the academic and non-academic challenges of adapting to life in the UK.

Accommodation

"My homestay took care of me as a special guest, preparing scrumptious breakfasts and dinners and taking their time to discuss and explain everything. The room and feeling in their house was lovely". François (French executive)

To give adult students the maximum opportunity to practise their English in a real-life situation, Mayflower College can arrange accommodation in one of our carefully selected homestays. All of our homestays are inspected and monitored by our Accommodation Officers.

The homestay provides adult students with their own private bedroom, meals (breakfast and dinner from Monday to Friday, breakfast, lunch and dinner on Saturday and Sunday) and the warmest of welcomes. Light laundry, bed linen and towels are provided. Homestays normally meet students upon arrival and take them to their departure point (in Plymouth).

Homestays are a short bus ride (15-20 minutes) from the Mayflower College; travel passes can be purchased from the main office.

It is our policy not to accommodate more than one person of the same native language in the same host family (unless specifically requested).

Advice can also be provided about other types of accommodation (for example, guest houses and hotels within walking distance of Mayflower College).

Teaching

Our teaching team are highly experienced, enthusiastic professionals committed to improving our students' English language skills.

Students are helped to express themselves freely, to understand how the language works and to transfer theory into practice in realistic situations.

Weekly testing and 1:1 tutorials help to maximise our students' progress and improvement.

"Mayflower College, the homestay and Plymouth were beyond what I can put into words" Serdar, Turkish
